Dear Mr. Ashcroft:

I am writing you today to inform you of my opinion in regards to the Microsoft settlement issue. I support the settlement that was reached in November, and I oppose any further action against Microsoft at the federal level.

This settlement is fair and will be sufficient to deal with the original issues of this lawsuit. Microsoft has agreed to all terms and conditions of this agreement. Under this agreement, Microsoft must share more information with other companies regarding certain internal interfaces included within Windows and any protocols implemented in Windows operating system products. Microsoft has also agreed to be monitored by a technical oversight committee for compliance.

Microsoft has done so much to contribute to our daily lives, in the office and at home. To stifle or restrict this company would be a huge injustice to consumers and will do nothing to stimulate our lagging economy. I urge you to support this settlement so Microsoft's resources and talent can be fully devoted to designing their innovative software, rather than litigation. Thank you for your time.

Sincerely,

James Jaremka (Microsoft shareholder and registered Republican)
